SISTERS RECEIVE A HUNDREDFOLD  
AT CHRISTMASTIME  
AND  
BEGIN THE NEW YEAR WITH  
A NEW SKILL

Christmas eve was a gay and festive occasion on the "Convent side" as the Sisters gathered to open the many gifts received from hospital personnel and benefactors.

Gifts from the personnel included two card tables with matching chairs, an upholstered rocker strictly built for comfort, and a billiard table -- the prize gift of the season! Young and old gathered

while Mother Richarda opened the smaller sized gifts, and young and old together applied their strength to unpack the over-sized, beautifully wrapped billiard table. Unafraid of the challenge to meeting new demands and skills, Sisters Julitta and Leobina were among the first to try the cues for size!

The Sisters join in one voice to say, "Thank you and God bless you" to all who so generously helped to make this Christmas a joyous one.

## FROM THE DESK OF OUR CHAPLAIN

During the next few days, much will be written and spoken about the old year, 1962. Some of the comments will be gloomy and sad because the world we live in today is torn with injustice and strife. Despite the fact that for nineteen centuries we have had the teachings of Christ to show men the way to true happiness, the world today is not altogether a happy place. It would see, however, as one writer expressed it, "Christianity has not been tried and found wanting; it hasn't been tried."

There are places in the world today where there is happiness because Christianity has been tried. Such a place is the Christian hospital where all men and women who work in the hospital have as their primary motivation to serve Christ by cooperating with each other in the work of caring for the sick.

As the Chaplain of this hospital, I am very conscious of the cooperation that exists here among those who live and work in our hospital. I would like to thank all of you for the inspiration that you have given by your example. I trust that the realization of the great privilege it is to serve the sick will continue to be uppermost in your minds as we begin the year of 1963.

May God bless you all and keep you during the New Year.

### PUBLIC RELATIONS COMMITTEE APPOINTED

A committee in public relations has been appointed by Sister Jameen, Hospital Administrator, to assist in over-all planning of the hospital public relations program. Appointed to the committee were Dr. E.M. LaFond and Dr. W.H. Rice, representing the Medical Staff, Rev. Vincent A. Yzermans, Diocesan Director of Information, Mrs. Max Landy, President of the Womens' Auxiliary, and Sister Jameen, Sister Leonarda, Sister Bridget, Mrs. Agnes Moeglein, Mr. Harry Knevel and Mr. Gene Bakke of the hospital staff.

At a meeting on December 13 the committee adopted a broad program designed to strengthen contacts and promote better understanding between the hospital and the community. A meeting with newspaper and radio representatives has been scheduled for January 17 as the first step in the program.

### WE EXTEND OUR SINCERE SYMPATHY TO:

Miss Helen McLane, R.N., on the death of her mother.  
Mrs. Jerry Knuesel on the death of her father.

The BEACON LIGHT is the monthly publication for the personnel of the St. Cloud Hospital, St. Cloud, Minnesota

### A MESSAGE FROM THE ADMINISTRATOR

In looking forward into the year of 1963 we should draw renewed vigor and enthusiasm from our plans and hopes for the coming year. Our goals should be measured in terms of what we really intend to accomplish, in concrete plans and in activities toward achieving the task with all deliberate haste.

In projecting the St. Cloud Hospital into the New Year it is our determined hope that 1963 will see:

Continued improvement in the care of patients and further effective efforts to reduce costs.

Completion of job analysis and its application to the fullest possible potential for the benefit of the patient, the hospital and ourselves as individuals.

Beginning of construction on a new Sisters' residence.

Completion of a long range development program for the hospital.

Continued emphasis on in-service education in order to upgrade performance of all hospital personnel.

Development of a management improvement training program.

These are just a few of the goals we want to set for 1963. If we are to be privileged to look back at the end of the year and say, "We did it," it will require the effort and cooperation of the entire hospital family -- doctors, Sisters, lay personnel and volunteers. I ask each of you to work with me toward these goals in 1963.

### CHRISTMAS GREETING WITH A PERSONAL TOUCH

Christmas greetings to the St. Cloud Hospital personnel had the traditional personal touch again this year as Sister Jameen, Administrator, presented a cash gift to each employee. Above, Carol Rothstein, business office cashier, with a Christmas issue of the "Beacon Light" in her hand, receives her gift from Sister Jameen.

## Meet our

Dr. Henry Broker was born in Collegeville. He attended St. John's University for premedical courses and went on to Marquette University Medical School. His internship was divided between the University of Maryland Hospital and the U. S. Navy with which he served from 1945 to 1948. He practiced in Eden Valley for some years, went to the University of Minnesota for graduate work in surgery and came to St. Cloud in 1956.

Doctor is a member of the County, State and American Medical Associations, the International College of Surgeons, the New Orleans Medical Assembly and the American Surgical Society. The Knights of Columbus, Aerospace Society, St. Mary's Physicians Guild and Serra Club also count him in their membership.

He is married and has four children. His hobbies are skiing, photography and aviation.

Dr. Theodore Dedolph, a member of the Consultant Staff is an oral surgeon. He was born at Braham, Minnesota, where he received his early schooling. His entire course of predental work, dentistry and graduate work in oral surgery was taken at the University of Minnesota.

He served with the U. S. Navy in Guam from 1944 to 1946 and practiced in Eden Valley and Minneapolis before coming to St. Cloud in 1958.

Doctor is a member of the Local, State and American Dental Associations and of the Minnesota Society of Oral Surgeons.

He is married and has four sons. His hobbies are hunting, fishing and golfing.

### SCHOLARSHIPS AWARDED TO FIVE NURSING STUDENTS

Five scholarships of two hundred dollars each were awarded by Dr. P. L. Halenbeck from the Grace Weiss-Halenbeck Scholarship Fund in ceremonies conducted at the School of Nursing on December 10. Recipients were five Junior students at the St. Cloud Hospital School of Nursing.

The Scholarship Fund was set up by Dr. Halenbeck in 1954 in memory of his wife, Grace Weiss Halenbeck. In the eight years since the fund was established, forty-three nursing students have received scholarship grants.

This year's awards went to Kathleen Goggin, De Graff; Barbara Serbus, Franklin; Sharon Short, Slayton; Janice Rudnitski, Foley; and Sharon Weigscheid, Waseca, all in Minnesota.

Selection of the award recipients is made annually by the School Faculty on the basis of need and qualities that exemplify good nursing. Miss Teckla Karn, Assistant Director of the School of Nursing, was chairman of the selection committee.

## Doctors

A native of St. Cloud, Dr. Charles F. Brigham is the son of a pioneer doctor who practiced here until his death a few years ago. He attended St. John's University and went on to the University of Minnesota Medical School and internship at Ancker Hospital, St. Paul. After his internship he served with the Medical Corps in Panama from 1942 to 1945, then returned to the U. of M. for graduate work in surgery.

Dr. Brigham has practiced in St. Cloud since 1950. He has served as Chief of Staff here and is currently a member of the Executive Committee. He is also on the Staff of the St. Cloud Veterans Hospital as consulting surgeon. He is a member of the County, State and American Medical Associations, the Minnesota Surgical Society and is a fellow of the American College of Surgeons.

Doctor is married and has two children. His hobbies are hunting, fishing, and building electric organs.

Dr. Robert Cumming is a newcomer to St. Cloud, having practiced here in association with Dr. J. P. O'Keefe since the summer of 1962. He was born in Williston, North Dakota, and came to Minnesota for premedical work at Mankato State College. He attended the University of Minnesota Medical School and interned at Ancker Hospital, St. Paul. His school years were interrupted by four years with the U. S. Navy based on the Atlantic coast of the U. S.

Doctor is a member of the County, State and American Medical Associations and of the Knights of Columbus.

He is married and has eight children. His hobbies are hunting and fishing.

### DO YOU RECOGNIZE THESE TWO YOUNG LADIES?

Each January 1 the most publicized patient at the St. Cloud Hospital is the first baby born in the new year. The recipient of many gifts and a head-liner in the local papers, the newcomer enters the world with honors.

This year we decided to fete his (or her) "competitor" by featuring him (or her) in the Beacon Light.

Pictured at the right is the baby daughter of Mr. and Mrs. Gerald Jernberg, shown held by her mother, Kathleen. She was the LAST BABY BORN IN 1962 at the St. Cloud Hospital -- at 11:10 P. M. December 31, 1962 -- weight, 7 pounds, 15 ounces.

# Courtesy Spotlight

Food service with a smile! Mrs. Olivia Gussner, known to many of our Cafeteria customers as "Babe", gives that added spark of cheer to the menu.

A remodeled cafeteria, new silverware and dishes, new equipment and recipes all go together to make eating a pleasure, but more important is the spirit with which the meal is served. Olivia wants to make everyone feel welcome as they go through the cafeteria line. Her eighteen years of waitress experience in a small St. Cloud cafe have given her this "know how" in public relations. She is beginning her third year in our cafeteria and is happy in her service of those who serve our sick. She knows the importance of her smile and in-

terest in all those she serves; she knows that her happiness may turn the routine of eating into a time of relaxation and give her patrons the needed zest to return to their work with a renewed charity.

Olivia is the mother of four children who are all married and scattered to the coasts of the U.S.A. so she doesn't get to see her thirteen grandchildren very often. Off duty hours find her in the routines of housework and meals for her husband plus flower gardening as her hobby.

In Dietary we often find ourselves "busy" about many things" in our attempts to serve good, nutritious, tasty and right temperature food; let us not forget that necessary added attraction to a meal -- the "smiling hand" under that plate!

## NEW ARRIVALS . . . . .

Mrs. Carl Mueller (Ruth Brinker)  
Mrs. Philip Sauer (Arlene Omann)  
Mrs. Joseph Albers (Edith Munoz)  
Mrs. James Warren (Janna Linnell)  
Mrs. Gerald Meyer (Leila Athmann)  
Mrs. Edward Seifert (JoAnn Kotsmith)

Mrs. Richard Zima (Donna Gordon)  
Mrs. Lawrence Fiecke (Alvina Hennek)  
Mrs. Floyd Lenarz (Mary Ann Kampa)  
Mrs. J. Wingate (Laura Bredahl)  
Mrs. Alvin Houle (Mary Lou Plut)

## HOLIDAY ENGAGEMENTS . . . . .

Sandra Rengel to James Laurilla  
Rose Gruska to Ervin Starr  
Darlene Friedrich to Jerry Hiscock  
Mary Ann Klaphake to Werner Maus  
Mary Messer to Allen Eisenschenk

Rita Weihs to Marvin Condon  
Joan Lahr to Hubert Schefers  
Anna Mae Froehle to Lester Schwieters  
Karen Dickinson to Jerry O'Rourke  
Shirley Goebel to August Wohltitz

# Night Lights

Assuming his role in the St. Cloud Hospital's twenty-four hour service is Mr. Clarence Schill whose duty it is to keep the elevator operating throughout the night. Mr. Schill's duties begin at midnight and continue through to 9:00 A.M. He has been employed at the hospital for nearly three years.

Mr. Schill formerly operated an egg route for the Armour Company and he still interrupts his sleeping hours occasionally with a few trips on his route. Besides these trips, he takes time during the summer to enjoy fishing and baseball.

The amazing ability to look, act and be alert and cheerful throughout the early hours of the day after serving several hours of night duty is a source of edification and enjoyment for the people privileged to be Mr. Schill's patrons.

\*\*\*\*\*

## PHI-LAT'E-LY -- WHAT IS IT?

Philately is a Webster word for the collection and study of postage stamps -- the hobby of Miss Monica Szostak, operating room nurse.

Miss Szostak's interest in stamps began while she attended a Catholic grade school in her native Canada where the children were encouraged to save stamps for foreign mission activities. Only years later did she begin a serious collection, which now includes a world-wide collection of over 3,000 stamps.

In talking about her hobby Miss Szostak stresses the historical value of stamps, for each one depicts some era or incident in history. She has found her collection to be interesting, educational and a good leisure-time consumer. In time a stamp collection also becomes valuable from a monetary standpoint -- and like all avid philatelists, Miss Szostak awaits the day when she obtains a rare and valuable stamp. Part of her equipment includes a magnifying glass for close scrutiny of the stamps. Besides depending upon her resources of family and friends who carefully preserve for her the stamps from their correspondence, she is a member of a national stamp club.

Stamp collectors are not interested in postage stamps alone. Others of value are liquor, wine, cigarette, narcotic, playing card, hunting permit, excise and documentary stamps.

Her favorite stamp so far? True to the age in which we live, she chooses the commemorative honoring John Glenn's flight into space in 1962!

Beacon Light Staff begins the year with a visit to the press in September, 1962.

NEW LINKS IN THE CHAIN  
of education and patient care.

Sister Judith, Sister Keith, Mrs. Yvonne Kremers and Dr. J. P. McDowell participate in radio interview in December, 1962.

Official raising of our flag from the Capitol in Washington, D. C. , in October, 1962.

The Pinkerton Service and Mr. Rosenthal take over.

Behind the scenes at dinners and banquets.

In-Service Education continues with Dr. Broker discussing gastric hypothermia.

Dr. Rice examines a "patient" during the disaster "dry run" in November, 1962.

# DIETARY DEPARTMENT HAS "FACE LIFTING"

Pictured at the left, Sister Generose, Food Production Manager, and Sister Boniface, Administrative Dietitian, view turkeys about to be placed in the new reel oven which was installed in the Main Kitchen as a major part of the renovation in that area. Other new equipment includes a heated food conveyor cart for cafeteria food and a larger cart for holding food in the kitchen. These carts may also be used for transporting served plates for special dinners. A food shaper, new meat table, work tables and added cooking utensils increased the ease of

quantity cooking, and the removal of partitions in the Main Kitchen further facilitated all activities in food preparation.

At the right Sister Innocent, Baker, and Mrs. Aurelia Thul prepare dough for the new dough sheet-er in the Bakery, while Elaine Winter, below, places fresh bread in the new stainless steel bread cabinets. Other additions in the Bakery include a pie roller and doughnut fryer. The room across from the Bakery was completely

renovated and a partition installed to provide separate Bakery storage and an ice cream making room. A convenient storage space was provided in the Bakery storage room by the addition of repainted cupboards transferred from the Cafeteria. These cupboards were removed from the Cafeteria in the process of increasing the storage space behind the serving line and adding a side door entrance for conveying food to the serving counter.

In the Cafeteria lowered ceiling, recessed lights, new water and milk dispensers, lowerators for glasses, cups, saucers, plates, trays and silver, and a bread dispenser all help to make an efficient unit.

Many years and hours of planning with minor renovations taking place along the way, have preceded this remodeling. Actually, these changes have been made for YOU, the personnel! The objective of the Dietary Department has been to create more pleasant work surroundings for its employees and to make meal times happier for all. Also, the changes are directed toward improved patient care as planning moves toward centralized tray service for our patients.

## ANNUAL STATISTICS SHOW EXTENT OF SERVICE RENDERED

In the fiscal year ending July 1, 1962, a total of 32,044 persons were admitted for either out-patient or bed care, an increase of 27% over the number treated at the hospital ten years ago, and a total almost equal to the population of the City of St. Cloud. Women out-numbered the men almost two to one, and a slightly greater number of patients came from areas outside the city compared to those who were residents.

Personnel costs continued to be the biggest factor in expenses. One of the area's largest employers, with 508 paid personnel, the hospital had payroll and fringe benefit costs of \$2,120,963 in the last fiscal year. Ten years ago, only 369 employees were needed and total personnel costs were \$1,156,219.

In commenting on the increased personnel costs, Sister Jameen, Hospital Administrator, points to several factors that have brought this about:

The hospital work week has been reduced from forty-eight to forty hours. (If an institution employs 400 persons, and the work week is cut eight hours, it means that eighty additional employees must be hired to provide the same total number of work hours.)

More personnel, with greater skills and training, are required today to provide care which is more complicated and technical. Ten years ago it took 1.6 employees to care for each patient -- today 2.2 employees are needed.

Hospital wages have increased along with general increase in all wages.

Fringe benefits have been added and existing ones made more liberal, such as longer vacations, more holidays, and addition of life insurance and retirement programs, all of which add to personnel costs.

Increased personnel costs, coupled with increases in costs for food, utilities, supplies and materials, have resulted in an average patient care cost of \$32.46 per day, double that of ten years ago. But the average time patients stay in the hospital has been reduced by one day during the same period, taking some of the edge off the increased cost to the patient.

"And if you consider the cost in terms of \$1.35 per hour, it must be conceded that, for all of the technical services of laboratories, x-ray, pharmacy and surgery, plus highly skilled nursing care, complete food and room service, and all of the other incidentals that are essential to provide complete hospital care, the rate is amazingly low. It must be remembered that it takes better than two full-time employees to care for each patient, besides all of the drugs, supplies, and equipment needed," Sister Jameen points out.

# The Auxilian

On January 3 the St. Cloud Hospital Nurses' Home was the scene of the Second Annual Capping Ceremony for the teen-age volunteers, officially known as the "Candy Strippers." Sister Jameen welcomed the parents and families of the girls and thanked them for letting the girls serve the hospital. Mrs. Loren Timmers, Candy Strippers Co-ordinator, addressed the group and then capped the following girls: Jacqueline Botzek, Peggy Carlson, Gail Carpenter, Gretchen Gerber, Sandra Harvey, Shirley Jackson, Diana Larson, Sandy Loven, Mary Anne Malecha, Carol Mockenhaupt, Lynette Mogck, Toni Reif, Gail Sova, Colleen Studer, Janet Truzinski, Carol Weaver and Sandra Strobel.

Mrs. H.J. Knevel, Mrs. Loren Timmers, Mrs. Max Landy, and Sister Jameen officiated at the Candy Strippers capping.

Mrs. H.J. Knevel, Hospital Volunteer Director, told the story of the Candy-Strippers Program. She related how, on June 13, 1961, thirteen girls, carefully selected and given on-the-job training, started their career of volunteer service to their community. The second group of eighteen girls started in April of 1962, and the third group of sixteen girls started just six weeks ago. Dressed in pink and white striped pinafores and crisp white blouses, these girls have given a total of over 5,000 hours of service since the program was launched in 1961.

Primarily this program is considered an educational venture and a hospital-community program. From their experiences in the hospital many of the girls will enter a medical career. At the present time they serve in the following departments: Pediatrics, Admissions, Administration, Central Service, X-Ray and Nursing Service.

The girls must meet the following requirements: (1) They must be sponsored by an Auxiliary member; (2) they must be between fourteen and nineteen years of age; (3) they must maintain a "C" average in school; (4) they must have an interest in the medical field; and (5) they must live up to a code of ethics.

Each girl received her cap for giving fifty hours of service. A black stripe, connoting over one hundred hours of service, was given to: Susan Emory, Jacqueline Botzek, Peggy Carlson, Gail Carpenter, Gretchen Gerber, Sandra Harvey, Diana Larson, Sandra Loven, Mary Anne Malecha, Carol Mockenhaupt and Carol Weaver. Kathy Gerber and Lynette Mogck received two stripes for over two hundred hours. Special mention was made of the fact that Sarah Strobel, a member of the latest class, gave fifty-nine hours in just one month.

A rose corsage was pinned on each Candy Striper by Mrs. Max Landy, President of the St. Cloud Hospital Auxiliary, in appreciation of their service, and each girl was awarded a name pin by Mrs. Knevel. Nursing students very graciously entertained the group and a reception was held following the ceremony. Mrs. E.H. Kain, Mrs. R.A. Grothe, and Mrs. Leonard Stotko, members of the Auxiliary, were hostesses.

# Epiphany - Feast Day of Gifts

It has become traditional that the hospital employees are guests of the Sisters during the Christmas season. This year, the employees were invited to attend an Epiphany buffet supper in the hospital Cafeteria on Thursday, January 3, from 3:30 to 6:30 P.M.

Attendance included 357 employees and all of the hospital Sisters. Entertainment consisted of several harmonica selections by Sisters Laurella, Rosalia and Veronica. "Here We Come A'Caroling" was sung by Sisters Marion, Gregor, Goretti, Virgene and Paul under the direction of Sister Danile.

Gift prizes were also awarded by the Sisters. The first door prize, a piece of airplane luggage (week-ender), was won by Linda Janu, Housekeeping. Gloria Yanish, Dietary Department, won a dacron comforter, the second door prize. The third door prize, a casserole dish, was won by Franklin Pallansch, Housekeeping.

Other gift winners were:

Mary Debert  
Anna Mae Supan  
Rita Hoffman  
Anna Mary Pallansch  
Susan Binsfeld  
Michael Klinkner  
Mrs. Rose Wenner

# ST. JOHN'S SEMINARIANS HOSPITAL GUESTS ON ANNUAL "DEACONS'DAY"

Twenty-two seminarians from St. John's University were guests of the St. Cloud Hospital at the annual "Deacon's Day" observance on December 10.

After being welcomed by Sister Jameen, Administrator, the group was taken on a tour of the hospital. Sisters Marion, Jonathan, Paul and Josue served as tour guides. Father Patrick Riley, Chaplain, addressed the Deacons after which they were served dinner by the Sisters.

Mrs. Priscilla Moosbrugger tours Deacons in C.S. To be ordained in the spring, the seminarians represented several Catholic Dioceses in the upper midwest. Commenting on the Deacon Day program, Sister Jameen expressed appreciation for the opportunity to host the Seminarians each year. "To be able to give these fine, young future Priests an idea of how a Catholic hospital functions is a real privilege," she said, "and beyond that, the Sisters really enjoy having them come."

## GLAD CHRISTMAS TIDINGS

During the Advent and Christmas Season various choral groups come to the hospital to sing advent hymns and Christmas carols for the patients. We wish to express our gratitude to all who helped make this a joyous Christmas-time by sharing their time and talents.

The carolers during this season were: Students from the School of Nursing, Newman Club Chorus, Seminarians from St. John's University, Sacred Heart School, Holy Spirit Parish Junior Choir, Hospital Sisters, Candy Strippers, 4-H Choir, Y.C.W. - St. Anthony's Choir, Sixth and Seventh Grade Girls of St. Anthony's Parish, St. Augustine Boy's Choir, V.F.W. Auxiliary Junior Girl's Choir.

Father Simon, O.S.B. directs the St. Augustine's Boy's Choir.
